

T-Rexplorers Presents: Dinosaur Discoveries!

Discover the clues that prove the existence of dinosaurs!

T-Rexplorers will take you on an adventure straight from the cretaceous period with a peek into the world dinosaur science and paleontology.

Hold fossil types from numerous species including favorites like Triceratops and T-Rex, while getting a glimpse into what it's like to go on a Paleontological dig.

Don't forget to stop outside the library 15 minutes prior to the program to meet Ranger the T-Rex!
