Burbank School District 111

will be opening 8 new

Little Free Libraries

located outside every school in the district!

You are invited to attend the official dedication at

Tobin School

8501 S. Narragansett

We will introduce the “Literally Loving Literacy” project that has been organized to support and maintain each Little Free Library. The core mission of this event is to address children’s access to books before and after school and all summer long!

Book donations are being accepted at all district schools throughout the school year.

Book donations can be dropped off to the lobby of any district school, and all donations go directly to the “Literally Loving Literacy” project.
