

Burbank School Construction Project

Dear Burbank Resident:

We are pleased to announce that the Referendum for the construction of a new building for Luther Burbank Elementary School passed! The initial planning phase will begin soon, so we are asking a number of various focus groups for their thoughts and opinions on the new building.

We understand that residents who own homes around the perimeter of Burbank School may have some unique concerns regarding the construction.

I invite you to attend a meeting on Wednesday, May 18 at 7:00 pm at the District Office, 7600 S. Central Ave. This will be an interactive and collaborative meeting to gather information about the design and construction of the New Luther Burbank School:

- Meet the Design and Construction Team for Burbank School:
Cannon Design and International Contractors, Inc.
- See images of 21st Century learning environments and learn about current trends in education.
- Tell us what you feel is important about the culture and legacy of Luther Burbank School.
- Help define design characteristics of the new building.

Please feel free to invite your neighbors. Your feedback is important to us and we welcome you to share your ideas and any concerns you may have.

Sincerely,

Dr. Franzy Fleck
Superintendent
